

# Center for Dynamics and Control of Materials: MRSEC Texas State PREM Student

PREM Students Talk: Thursday, May 16<sup>th</sup>, 9:30 - 10:30 am  
EER 2.518 (Innovation Center)

**Adrian Fernandez, MS  
Biochemistry Student,  
Kerwin Lab**

Talk title: "Temperature  
Dependent Supramolecular  
Remodeling of Perylene  
Diimides"

**Sam Lindsey, MS  
Physics Student,  
Theodoropoulou Lab**

Talk title: "Investigating the  
Band Gap of Epitaxially Grown  
Manganese Doped BiFeO<sub>3</sub>  
through Ellipsometry"

**Michael Goodman, MS  
Physics Student,  
Miyahara Lab**

Talk title: "Imaging interfacial  
domain switching dynamics of  
twisted hexagonal boron nitride  
layers"

*Adrian Fernandez, MS Biochemistry*

*Sam Lindsey, MS Physics*

*Michael Goodman, MS Physics*
